“ I’m sorry to hear of the passing of Mrs. Mack. My parents Helen and Bill Schindler, both deceased, were good friends of Mr. and Mrs. Mack, here in Ohio and in Florida. When I was younger, I remember going to their house in Independence with my mom. Mrs. Mack would always give me cookies and was so nice. My deepest condolences. Audrey Acklin

“ Robin was practically the first person I met when we moved to Independence. I think she got us involved in monthly adult volleyball, and her husband Jim invited my husband Jack to play on his softball team. Robin was so friendly, cheerful, and active always until recent years completely slowed her down. She was responsible for helping me get a job at Tri-C West in the history department where she was a secretary. We occasionally were invited to family events which were always fun times. This picture shows her beautiful smile and twinkling eyes. She was a faithful member of Independence Presbyterian Church for many years. Her faith community still was in touch with her with holiday flowers and monthly cards from different circles. I wish that she had been able to be active to the end but I know she is at peace now.
